Stocks and Bonds. New York, April 26.—Speculation at the Stock Exchange was limited until the last

FINANCIAL AND COMMERCIAL

Stock Exchange was limited until the last half hour of business to the industrial group. These stocks, and more especially Sugar, were in active request. Sugar was in demand from the opening until the close of business, and the price moved up stendily from 98½ to 100½, closing at par. It is a long time since the stock has ruled at anything like the figures current today. Stories are affoat that the company will get the protection it has asked for from congress, but the main cause for the improvement was the desire of the late short. provement was the desire of the late short interest to cover This demand was so urgent that the waskness in the general list which was quite promuneed in the final transaction of iled to have any influence on Sugar. When it is stated that the total transactions for the day amounted to 140,961 shares, and that Sugar alone was to 10,501 shares, and that Sugar alone was traded in to the extent of 50,000 shares, an idea may be gleaned from the position oc-cupied by the stock into today's market. While Sugar was advancing, the bears were making efforts to depreciate the general list.

IT'S A MILLSTONE

About a young man's neck to be a sufferer from ner-yous exhaustion, ner-yous debility, impair-ed memory, low spirits, irritable temper, and the thousand and one derangements of mind and body that result from, unuatural, pernicious habits, contracted through ignorance. Such habits result in

loss of manly power,

less of manly power, wreck the constitution and sometimes produce softening of the brain, epilepsy, paralysis, and even dread insanity.

To reach, re-claim and restore such unfortunates to health and happiness, is the aim of the publishers of a book written in plain but chaste language, on the nature, symptoms and curability, by home treatment, of such diseases. This book will be sent scaled, in plain envelope, on receipt of ten cents in stamps, for postage. Address, World's Dispensary Medical Association, 663 Main St., Buffalo, N. Y.
